CHAIRPERSON & SPEAKER:

CLIN ASST PROF CHERYLIN FU WAN PEI Singapore General Hospital

Dr Cherylin Fu is a senior consultant surgeon under the Department of Colorectal Surgery at the Singapore General Hospital. She is also a senior consultant in Surgical Oncology at the National Cancer Centre, Singapore, as well as the Director of Pelvic Floor Disorders at the Singapore General Hospital. Apart from managing colorectal cancer, benign colorectal diseases and proctology, she has a keen interest in advanced laparoscopic techniques such as Transanal Total Mesorectal Excision (taTME). Dr Fu speaks regularly at various local and international conferences. She is also actively involved in undergraduate and postgraduate medical teaching and is part of the Core Faculty of the SingHealth Surgical Residency Program.

SPEAKER: CLIN ASST PROF ONG MING LIANG ANDREW Singapore General Hospital

Dr Andrew Ong is a consultant gastroenterologist in Singapore General Hospital, and one of the pioneers in Singapore to use intestinal ultrasound in the non-invasive evaluation of bowel disorders. He completed his fellowship training at Alfred Hospital & Monash University, Melbourne, where he received advanced training in integrated medical, psychological and dietary management of Irritable Bowel Syndrome and other functional gastrointestinal and motility disorders. He is currently the Programme Director of Singhealth Gastroenterology Residency Programme, and has received several teaching awards for his contribution to medical education over the years.

SPEAKER: DR SHARMINI SU SIVARAJAH Sengkang General Hospital

Dr Sharmini Su is a Consultant in the Department of General Surgery, Sengkang General Hospital, subspecializing in Colorectal Surgery. She was awarded the 'John Goliger Fellowship' at the St James University Hospital, Leeds and received comprehensive training to clinical, technological aspects of modern and advanced colorectal surgery including minimally-invasive and robotic surgery. Dr Sharmini has an interest in clinical education where she has organised regular bedside sessions, interactive discussions as well as participated in the running of various surgical courses and conferences for both the undergraduate and postgraduate students.

For Healthcare Professionals Only. CME Points Pending SMC Approval.
